Dear National Committee members,

Please find attached the application form and procedure for requests for grants from the *International Youth Travel Fund*. This form can of course be translated into any other language if necessary; it currently exists in English, French, Spanish, Russian and Indonesian. If you would like to receive it in any one of those languages please let us know.

All the forms are also on the 'ISC/WSA' page of www.subudworldnews.com under SYA.

We would really ask you to help spread this around the groups and members, that the groups print copies to put on bulletin boards or include it newsletters, also that committee members and helpers read it to become aware and familiar with the process, thus being able to help if a request for a grant is made.

We would also ask for your help in making members aware that they can donate to the IYTF via MSF (as mentioned on the form).

Hoping that this fund will help many young people be able to participate in our international activities and projects,

Best regards,

 . 

Garrett and Maya, on behalf of WSA, the WSA Youth Coordinators and MSF
